The QVO Newsletter is an informational newsletter in regards to Eastern Washington University Chicano Education Program and Chicana/o Community. The essential purpose of the QVO Newsletter is to help inform Chicana/o students of the scholastic and economical opportunities that are offered through the Chicano Education Program. The QVO covers Chicano Education Program, MeChA, and other Chicana/o past and upcoming for fall, winter and spring quarter. It also serves as an opportunity for EWU Chicana/o students to share their experiences as students who come from a diversity background, in a form of acknowledgement of their hardships and accomplishments.
